The 2009 American Control Conference (ACC) will be held Wednesday through
Friday, June 10-12, 2009 at the Hyatt Regency St. Louis Riverfront in St. Louis
, Missouri. The ACC is the annual conference of the American Automatic Control
Council, the U.S. national member organization of the International Federation
for Automatic Control. The 2009 ACC technical program will cover new
developments related to theory, application, and education in control science
and engineering. In addition to regular technical sessions the program will also
feature interactive and tutorial sessions and preconference workshops.

Submissions are invited for Contributed Papers (Regular or Short), Invited
Sessions, Education/Tutorial Sessions, Preconference Workshops, and Exhibits.

More information for authors is available on the web at
www.a2c2.org/conferences/acc2009.
The deadline for all submissions and proposals for the conference is September
15, 2008.
